Information for Plenary, Invited, and Contributed Talks

- It is advised that each speaker bring his/her own notebook computer and use it for his/her presentation.

- An LCD projector with standard VGA connector (DE-15/HD-15) is available for the presentation.

- Each speaker is strongly encouraged to confirm the successful connection to the LCD projector before the session.   If there is a trouble in connection, please ask a conference staff.

- Please bring a USB memory copied the power point file of your presentation as well in preparation for a trouble of your computer.

- Each plenary talk is allotted 50 min including 10-min discussion.

- Each invited talk is given 30 min including 5-min discussion, and each contributed talk is given 20 min including 5-min discussion.
